4. SUMMARY CORPORATE HISTORY

The story of "Villa Schiuma" begins in the first half of the last century, around 1940, with Nicola Schiuma, born in Matera 1925.

Nicola, began to work at a small bar, a short time later, about 15 years old, he decided to start his own business, opening a small business in a room of the house. A further step forward was made when it acquired a small oven-workshop in the Sasso Caveoso. Then began a more extensive production of sweet, who delivered to the city's bars, or prepared, on special occasions, for some of the more affluent families.

In 1945, he bought a kiosk, until then used to sell newspapers turning in a small bar where he sold drinks, ice creams and some confectionery product. Behind Nicola Schiuma shone the art and experience of Ciccio Monaco, real pastry master, who, having worked in France and in England, was the true and great master of those would have the glory of the best pastry Matera.

At the end of the war, between the years 1947-48, they began to experience the first signs of change in the organization of parties, especially marriage. Many families, for the preparation of lunch and sweets turned now outside. Thus they were born the catering precursors!

Already in the early 1950s, bridal luncheons, were organized in special rooms. The legendary "Sala Paradiso", taken on their own by the Schiuma Family, worked until 1970; but, in 1971, the Schiuma Family bought an old ruin, former farm, in the C.da Rondinelle that properly renovated, was the first nucleus of "Villa Schiuma", whose activities began in 1977.
